---

Professional Summary

Software Engineering specialist with solid experience in architecture, full-stack development, and requirements management. Proficient in Microsoft (.NET/C#) and Oracle (PL/SQL) technologies, with strong involvement in agile methodologies (Scrum/Kanban). Consolidated experience in the electrical and financial sectors, leading projects from technical conception to production delivery, ensuring high quality and regulatory compliance.

Technical Skills

Category	Technologies & Methodologies
Languages & Frameworks	C#, ASP.NET MVC, .NET Core, Java Spring, JavaScript, Entity Framework
Databases	Oracle (PL/SQL, APEX), Microsoft SQL Server, PowerBuilder
Mobile & Web	Android Studio (Native), WebAPI, WCF, Bootstrap, CSS, XML
Management & Processes	SAFe® 5, Scrum Master, Kanban, Jira, Bitbucket, MS ALM
Specialties	Software Architecture, Data Modeling, Requirements Gathering

Professional Experience

Grupo Energisa | *Software Engineer* | Feb 2023 – Nov 2025 Strategic involvement in developing solutions for the electrical sector, focusing on highly complex and high-performance systems.

Compass.uol | *Senior Analyst & Scrum Master* | Jun 2021 – Oct 2022 Led agile processes as Scrum Master in middleware projects for the retail sector. As a Senior Analyst in the financial sector, I supported critical applications using the .NET stack and managed production deployments via BlueGreen and Cerberon.

Energisa | *Senior Business System Analyst / Full-stack Developer* | Jan 2012 – May 2021 A 9-year trajectory marked by the creation of the border measurement management system for internal auditing and transmission to CCEE. I was responsible for the complete software development lifecycle: from requirements gathering and pricing to final homologation. I acted in technical leadership of outsourced teams, ensuring the regulatory quality of delivered products.

Previous Experiences (Highlights)

- **Handcom:** Development of management systems for supermarket chains (Oracle/ASP).
- **AISEC & Uptodate:** Development of control systems and integration with Oracle EBS.
- **Delage & Zeus Rio:** Maintenance of ERP systems and creation of complex reports (SQL Server/VB).

Education

- **MBA in Project Management** – PUC Minas (2020)
- **Bachelor's Degree in Information Systems** – Universidade Salgado de Oliveira (2011)

Certifications & Awards

- **Certifications:** SAFe® 5 Agilist, Oracle Golden Gate Specialist (Sales/Pre-Sales).
- **Awards:** Project of the Year (Recruitment and Selection) and Project of the Year (Energy Purchase Shielding).
